Mr. Whitney went after his subscribers vigorously and got five new yearly subscriptions in less than a week, counting twenty points out of the thirty points that constitute a contest, Every one of his subscribers is of the class known in newspaper offices as "Elitedged"—the kind that pay quarterly in advance and order the paper for a year at a time.

For the benefit of those boys and girls who have been writing to The Heraid to know how long the contests will be left open, we will say that they will be running all summer. Some of the rustlers who have been after subscribers are handlcapped because their school dutties prevent them from puting in much time on the work during the week. All they have to do is to keep at it. The Heraid will give them all the time they want to work in.

Actording to the terms of the contest now a wheel will be given to every one who brings in thirty orders for subscriptions, each subscriber to agree to take the Daily Heraid three months and each to pay in advance for one month at \$5 cents per month.
